PROFESSIONAL SUMMARY

Full Stack Developer proficient in Java, Spring Boot, React.js, and AWS, with a solid foundation in backend development, RESTful API design, and database management. Focused on developing scalable, secure, and high-performance web applications using modern technologies and software development best practices.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL, HTML5, CSS3
Backend: Spring Boot, Spring MVC, Spring Security, Hibernate, JPA, Flask, RESTful APIs
Frontend: React.js, Redux, Bootstrap, Tailwind CSS
Database: MySQL, PostgreSQL, MongoDB, Redis
Cloud & DevOps: AWS (EC2, S3, RDS), Docker, Jenkins, Git, GitHub, Maven, CI/CD
Core CS Concepts & Problem Solving: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks.

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern | NovaNectar Services Pvt. Ltd May 2025 - Aug 2025
Dehradun, India

- Developed responsive and user-friendly frontend interfaces using React.js, improving application usability and delivering seamless user experiences.
- Built and integrated backend services and RESTful APIs using Java and Spring Boot to support core application functionalities.
- Integrated frontend components with backend APIs and databases, ensuring efficient data flow, reliable functionality, and consistent application performance.
- Tested, debugged, and optimized frontend and backend components to improve application reliability, maintainability, and overall performance.

Frontend Developer Intern | Auroskkil Feb 2025 - Mar 2025
Pune, India

- Developed responsive and interactive user interfaces using HTML, CSS, JavaScript, and React.js.
- Created reusable UI components to improve code maintainability and consistency.
- Implemented responsive designs to ensure compatibility across desktop, tablet, and mobile devices.
- Debugged frontend issues and optimized UI performance to enhance usability and user experience.

PROJECTS

Full Stack Library Management System | GitHub Apr 2026 - Aug 2026
Spring Boot, React.js, MySQL, Razorpay, Aiven, Render, Git & GitHub
Full Stack Library Management System that simplifies book inventory management, book issuance, and returns, and member record tracking through a centralized platform, improving library operations and accessibility.

- A centralized platform that streamlines library operations by managing book inventories, tracking book issuance, and returns, and maintaining member records efficiently.
- Enables librarians to monitor book availability, manage borrowing records, and track due dates, improving accessibility, organization, and overall library management.

Full Stack Project Management System | GitHub Nov 2025 - Mar 2026
Spring Boot, React.js, MySQL, Razorpay, Aiven, Render, Git & GitHub
Full Stack Project Management System that streamlines task tracking, team collaboration, and project workflows through a centralized platform, improving productivity and project visibility.

- A centralized platform that helps teams organize projects, assign tasks, set deadlines, monitor progress, and collaborate efficiently to ensure timely project completion.
- Enables project managers to track task status, manage team workloads, and maintain project transparency, improving productivity and workflow coordination.

CERTIFICATIONS & ACHIEVEMENTS

- IBM Full Stack Software Developer - Coursera (May 2025) | Credential ID: VTVK5W8U7MBV
- AWS Cloud Solutions Architect - Coursera (July 2025) | Credential ID: Y3T4V9FM26AG

EDUCATION

Bachelor of Computer Applications *2023 - 2026*
Manipal University Jaipur, Rajasthan | CGPA: 7.71/10.0

- ***Final Year Project:*** *Full Stack Project Management System - A centralized platform that helps teams organize, assign tasks, set deadlines, monitor progress, and collaborate efficiently to ensure timely project completion.*
